

Jumping Through the Virginia Regions

This the class recording sheet to be used with Jumping through the Virginia Regions activity. In the first column write each team members name and in the top row write the date. In the space beside each student's name write the number of jumps. In the second to last row a total number of daily jumps will be computed for all team members. Remember to convert this number to miles, and mark the place on the Virginia map. In the last row you will write the region.

[illegible]
